Academic Regulations-Academic Integrity

Academic dishonesty in the form of cheating, plagiarism, or collusion are serious offenses and are not tolerated at Istanbul Bilgi University. University Academic Regulations and the Regulations for Student Disciplinary Matters clearly define the policy and the disciplinary action to be taken in case of academic dishonesty. Failure in academic integrity may lead to suspension and expulsion from the University. Cheating includes, but is not limited to, copying from a classmate or providing answers or information, either written or oral, to others. Plagiarism is borrowing or using someone else's writing or ideas without giving written acknowledgment to the author. This includes copying from a fellow student's paper or from a text (whether printed or electronic) without properly citing the source. Collusion is getting unauthorized help from another person or having someone else write a paper or assignment.
