# CMPE 332 Project Details and Requirements

1. Students will be given time until Wednesday, 06 March 2019 to form their own project groups (PG) and subjects. Each PG will have 4 members.

2. <u>On Wednesday, 06.03.2019 during the class hour (at 16:00) , The PG form (can be found below) printed on a single page, both sides filled and signed by all group members will be handed over.</u>

3. There will be a random group generation for the students who cannot form their own group.

4. Group change or individual projects are not allowed.

5. The difficulty level and the content will be decided by each group. Your professor will not make any comments for the subject or content selection.

6. PG will be free to choose any subject and form the project (Political and illegal content not allowed).

7. The project must be web based and run on a web server (Local server usage will be shown during the class hours).

8. Your project has no page limitations. However, subject and difficulty level will affect your grade.

9. You must use a database (MYSQL only) in your project.

10. The project will be coded by using HTML, CSS, JAVASCRIPT AND PHP language ONLY.

11. There are no image restrictions. However, do not use copyrighted material.

12. You are not allowed to use any kind of code written by others. In other words all code in your project must be written by the group members (Failing to do so may result a project denial and may result an F grade).

13. You will make 3 presentations in total. The dates of the presentations are as follows:
    a. Initial presentation          : 13.03.2019
    b. Milestone presentation     : 17.04.2019
    c. Final presentation            : 15.05.2019

14. Presentation hours will be announced over the learn (Do not forget to mark your preferred hours).  So, it's your responsibility to check regularly .

15. All group members must be present at the presentation. Failing to attend may result "0" grade from that part of the presentation.

16. Every member of the group will be responsible for all aspects of the project. In other words all members are equally responsible for every detail in the project.

17.  You will be asked questions during your presentation. Depending on your level to have a grasp of your project, you may have different grades than your group members.
